

Client Instructions

Installing/Downloading the Application

To run the application, open Android Studio and click the small green play button at the top.

To download the application onto an Android smartphone, head over to the “Build” tab at the top of android studio and click “Build Bundle(s)/APK(s)”. Then click “Build APK(s)” to produce an apk of the application. This can then be transferred to your android phone and installed.

Logging in

Upon launching the application, you will be greeted with the following screen:

From here, you are able to create an account by clicking the “Don’t have an Account” link or log in with the following pre-made accounts:

To log in as a user:

Email : user@uobactive.ac.uk

Password: Users1

To Log in as an Admin:

Email: admin@uobactive.ac.uk

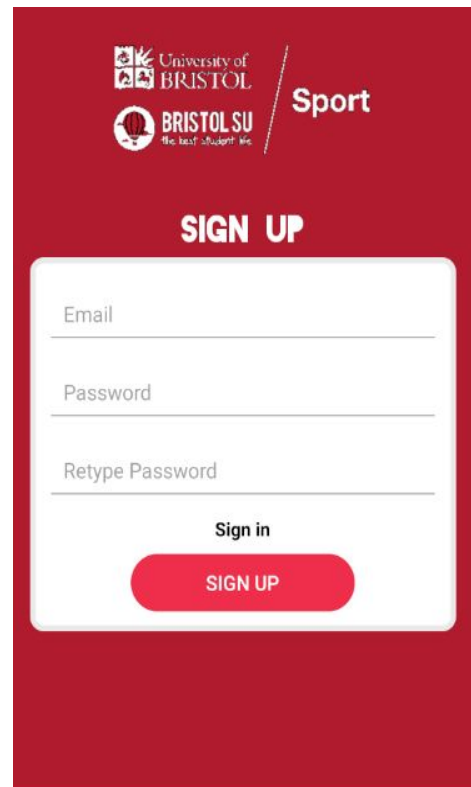

Password: Admin1

Creating a user

In order to create a new user, click the “Don’t have an account” link on the Sign In screen. You will be directed to this screen:

From here, you will be able to enter your details and by clicking the “Sign Up” button will create the account. You can also return back to the login screen by clicking the “Sign In” link.

The image shows a mobile app screen for signing up. At the top, there is a header with the University of Bristol logo and the text "University of BRISTOL" and "BRISTOL SU the best student life". To the right of the header is the word "Sport". Below the header, the text "SIGN UP" is displayed in large, bold, white letters. Underneath, there is a white form with three input fields: "Email", "Password", and "Retype Password". Below the form, there is a "Sign in" link and a red "SIGN UP" button.

Homepage Navigation

Once you have successfully logged in, you will be greeted to the home screen:

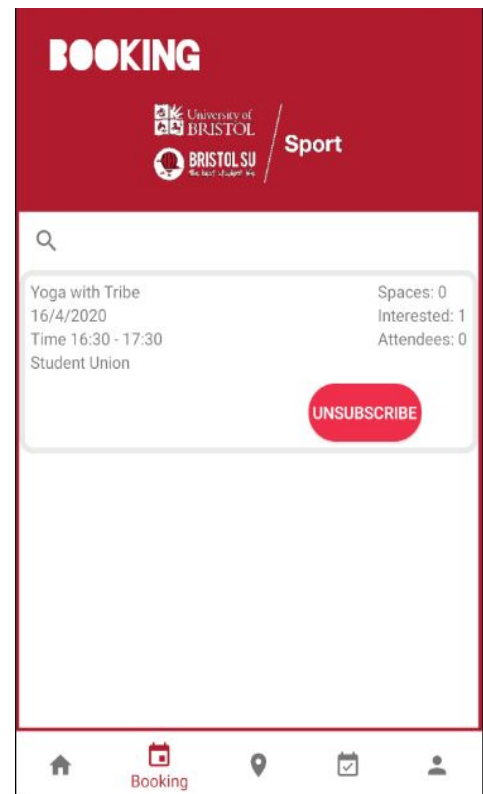

From here, you will be able to launch various social media links, view your membership status, and track your steps.

View Bookings

Once you have signed in and are greeted to the homepage, you will be able to view your bookings. To do this, at the very bottom of the screen, there is a navigation bar. Click the second icon on the bar. You should see the following screen:

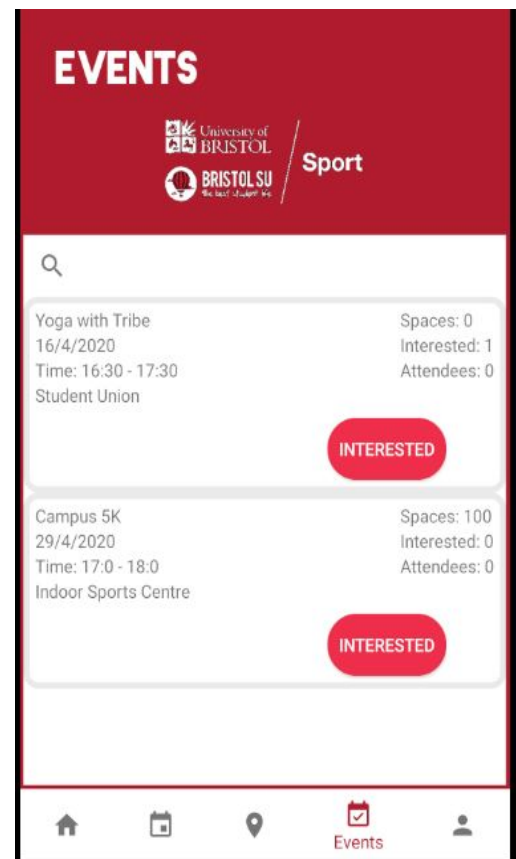

From here, you will be able to search for any of your bookings as well as unsubscribing from them by clicking the “Unsubscribe” button.

View Events

When you have successfully logged in, you will be able to view any upcoming events. To do this, on the navigation bar at the bottom, click the 4th icon. You should now see the following screen:

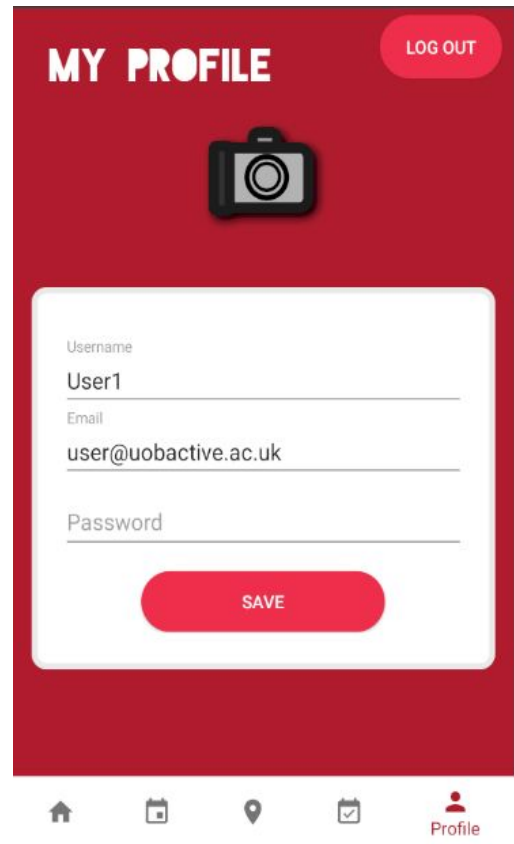

From here, you will be able to search/view any upcoming events as well as saving those events by clicking the “Interested” button.

Edit Profile

To edit profile details, click the very last icon on the end. You should see the following screen:

From here, you should be able to edit your details such as your username, email etc. To select a new profile picture, select the camera icon at the top. To log out from your profile, click the “logout” button. To save your new details, click the “Save” button.

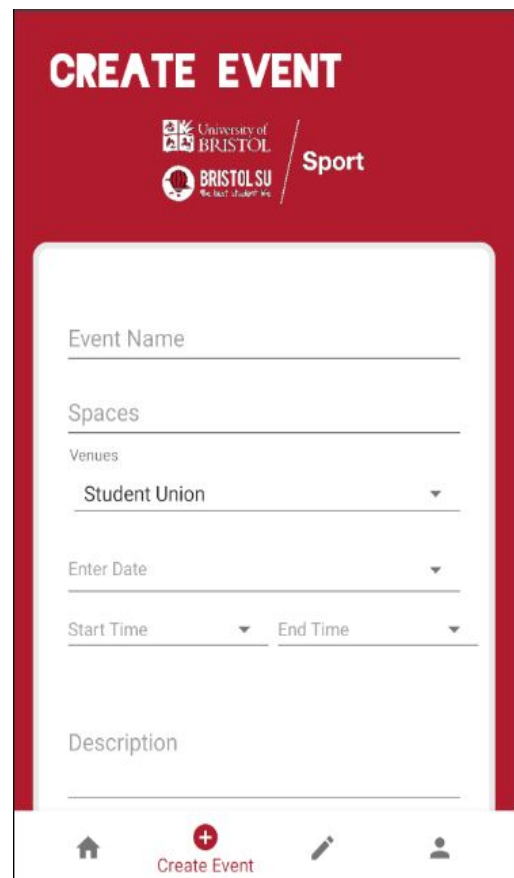

Admin Instructions

Create a new event

Once you have logged in using the admin login details, you will be greeted to the same home screen as with the user. To create a new event, select the second icon at the bottom. You should now see the following screen:

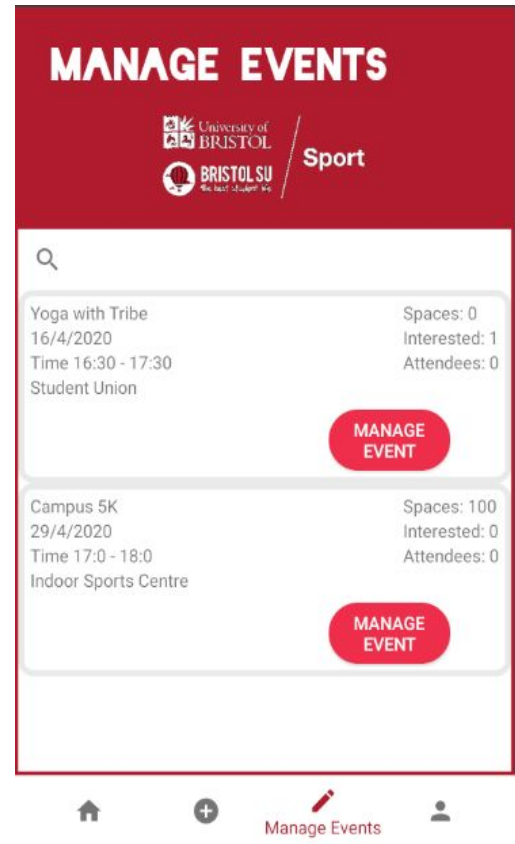

From here, you will be able to enter your event details and create an event.

Manage Events

In order to manage events, select the third icon at the bottom. You should be greeted with the following screen:

From here, you will be able to search for events and manage them by clicking the “Manage Event” button.

Clicking the Manage event button should bring you to the following screen:

From here, you will be able to change the details of the event and update it by clicking the “Update” button or deleting the event by clicking the “Delete” button.
